A contingent liability is disclosed when it is a possible obligation that arises from the past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

A contingent assets is disclosed as per IAS 37, where an inflow of or economic benefits is probable. A contingent liability is disclosed unless the possibility of an outflow of resources embodying economic benefits is remote.

The company has no contingent assets or liabilities which require disclosure under IAS 37. Contingent assets and contingent liabilities are not recognized in the financial statements.

4.19 Events after the reporting period

Events after the reporting period are those events, favorable and unfavorable, that occur between the end of the reporting period and the date when the financial statements are authorized for issue. Two types of events can be identified:

- (a) those that provide evidence of conditions that existed at the end of the reporting period (adjusting events after the reporting period); and
- (b) those that are indicative of conditions that arose after the reporting period (non-adjusting events after the reporting period)

4.20 Employee Benefits

The Company has accounted for employee benefits in compliance with the provision of IAS 19: Employee Benefits.

During the period the Company has recognized Workers' Profit Participation and Welfare Funds @ 5% on net profit before tax after charging such expenses as per Bangladesh Labour Act 2006 as amended in 2013.

The Nomination and Remuneration Committee (NRC), a sub-committee of Board formed to ensure good governance in the company as per Corporate Governance Code in notification No. BSEC/CMRRCD/2006 of Bangladesh Securities and Exchange Commission reviews all post employee benefits to comply with IAS 19 Employee Benefits and the policies are under implementation which has been approved by the Board.

4.21 Comparative Information

Comparative information has been disclosed in respect of the previous period/year for all numerical information in the financial statements and also the narrative and descriptive information when it is relevant for understanding of the current period/year financial statements. Previous period/year has been re-arranged/restated whenever considered necessary to ensure comparability with the current year presentation as per IAS-1: Presentation of Financial Statements and IAS-8: Accounting Policies, Changes in Accounting Estimates and Errors in notes wherever applicable.

4.22 Implementation, Relevant Assumptions and Disclosures of IFRS 16

IFRS-16: "Leases" has come into force on 01 January 2019 as adopted by the Institute of Chartered Accountants of Bangladesh (ICAB). The Company has applied IFRS-16 as it has entered into contracts for Motor Vehicles & Office Premises that conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Right-of-Use Assets

A Company recognize right of use assets at the inception date which is measured as cost, less any accumulated depreciation, Right of use assets are depreciated on a straight line basis over the lease term. The right of use assets are presented under Non-current Asset in Statement of Financial Position.

Lease Liability

At the commence date of the lease, the company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term using the incremental borrowing rate. Lease liabilities is measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payment.

5. Risk Exposure

5.1 Interest Rate Risk

Interest rate risk is that which the company faces due to unfavorable movements of the interest rates. Changes in the government's monetary policy, along with increased demand for loans/investments tend to increase the interest rates. Such rises in interest rates mostly affect companies having floating rate loans or companies investing in debt securities.

Management Perception:

Since the Sea Pearl Beach Resort & Spa Limited has not borrowed funds at flexible interest rate, hence, not involved in the interest rate risk. The company has been repaying borrowed funds on a continuous basis.

5.2 Exchange Rate Risk

Exchange rate risk arises due to changes in exchange rates. As the Company imports equipment from abroad and also earns revenue in foreign currency, unfavorable volatility or currency fluctuation may affect the profitability of the Company. When exchange rate is increased against local currency opportunity is created for generating more profit.

Management Perception:

Sea Pearl Beach Resort & Spa Limited management changes the price of their services to cope with the change in exchange rate to mitigate the affect of unfavorable volatility in exchange rate on the company's earnings.

5.3 Industry Risks

Industry risk refers to the risk of increased competition from foreign and domestic sources leading to lower prices, revenues, profit margins, market share etc. which could have an adverse impact on the business, financial condition and results of operation.

Management Perception:

The Company continuously carries out research and development (R&D) to keep pace with the customer choices and fashions.

5.4 Market Risks

Market risk refers to the risk of adverse market conditions affecting the sales and profitability of the company. Mostly, the risk arises from falling demand for the product or service which would harm the performance of the company. On the other hand, strong marketing and brand management would help the company increase their customer base.

Management Perception:

The company's brand "Royal Tulip Cox's Bazar" has a very strong image in the local and international market. GT Investments BV also have the reputation of providing quality hotel management services. Moreover, the demand for five star hotels in the country is increasing while there are very few five star hotels to meet the demand. Strong brand management and quality service has enabled the company to capture significant market share in the sector. And the company is continuously penetrating into the market and upgrading the quality of their service to minimize the risk.

5.5 Operational Risks

Non-availabilities of materials/equipment/services may affect the smooth operational activities of the Company. On the other hand, the equipment may face operational and mechanical failures due to natural disasters, terrorist attacks, unforeseen events, lack of supervision and negligence, leading to severe accidents and losses.

Management Perception:

The Company is equipped with power backup and security (CCTV) systems, which reduce operational risk. Besides, the equipment is under Insurance coverage in protect to get reasonable compensation for any damages. Apart from these, routine security che castal protect maintenance of the equipment also reduce/eliminate the operational risk.
